### **GLOW IN THE DARK CONCRETE**

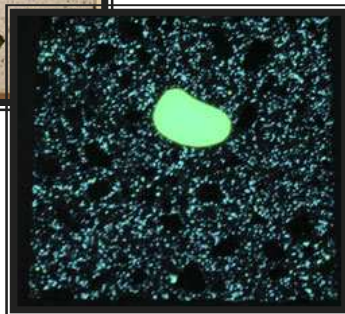

*NON-TOXIC \* LEED Friendly  
Requires NO Electricity!*

*Ambient Light Source for  
Concrete, Epoxy & Terrazzo*

*Energy is absorbed from natural  
or artificial light and is gradually  
released to give projects a self-  
illuminated afterglow. Just 10  
minutes of exposure to light will  
produce up to 15 hours of glow  
time.*

*Floor  
Tiles*
